CAREER

Experience

Nov 2022 - Sep 2025

Senior Solution Architect

AstraZeneca · Kuala Lumpur, Malaysia

- Led a cross-regional team supporting **157 automation projects** across Malaysia's first nationwide digital transformation. Along the way we upskilled 492 employees and delivered **12,000+ hours of savings annually**
- Built an end-to-end **multi-market cashflow forecasting system** spanning multiple payment types, integrating SAP, BlackLine, and Quantum into a single consolidated Power BI dashboard piloted across 8 markets. Cut planning-cycle time by **60%** and reconciliation effort by **3,200+ hours a year**
- Built a Power BI and DAX-heavy **CAPEX consolidation dashboard** with automated ETL pipelines, surfacing missing or inaccurate asset records ahead of the annual asset review across **15,000+ IT assets**
- Led Power Platform budget adjustment application for FP&A, reducing budgeting rework by **60%** and releasing **5,000+ annual hours**
